

CUSTOM DIGITAL LAMINATE

UNLIMITED POSSIBILITIES

AT SURFACEWORKS, WE DREAM
ABOUT YOUR DREAM TABLE.
DIGITALLY-PRODUCED ORIGINALS
ARE ONE SUREFIRE WAY TO MAKE
YOUR TABLE YOURS.

GET YOUR CUSTOM FINISH ON.

Not feeling any of our solid, woodgrain or patterned finishes? Digital laminate puts the “infinite” in “infinite options.” Custom made to whatever your heart desires and hand creates, our digital laminate process puts your design on top.

MAKING YOUR TABLES

IDEA STARTER

YEAH, WE MAKE THE
TABLES. BUT YOU MAKE
THEM YOUR OWN.

FROM YOUR TABLET TO THE TABLE TOP.

The digital laminate process is simple: Design. Print. Laminate. The printed artwork is manufactured using a high-pressure technique that fuses together layers with, you guessed it, high heat and pressure. All you have to do is design, send over your art files, and we'll take it from there.

THE FINISHING TOUCH

To top off your custom digital laminate, we offer these standard finishes from our friends at Wilsonart:

- High Gloss
- Textured Gloss
- Fine Velvet Texture
- Matte

LET'S GET DIGITAL.

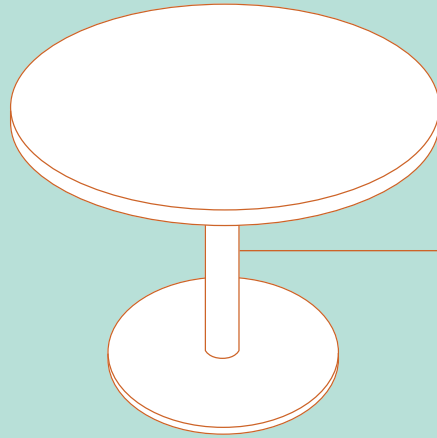

With SurfaceWorks' custom digital laminate capabilities, you don't just have options, you have a genie in a bottle. If you can design it, we can put it on a table. This allows you to spec worksurfaces that really tie the room together. Create tables that start conversations, as well as facilitate them.

No two clients are the same, and that's where customization like this really puts the ace up your sleeve. We've spent a pretty penny (millions of them, actually) to put industry-leading technology to work for you.

Our one-of-a-kind tables fit any space, any budget, and any personal style, making them perfect for everything from school cafeterias to corner offices. SurfaceWorks will help you outfit any space that needs a table, which is pretty much every space.

CREATE THE TABLE OF YOUR DREAMS.

We'll help you customize your table top with digital laminate. Showcase your brand or school mascot. Or your kid's artwork. Or just about anything else you want to bring to the table. Contact your SurfaceWorks rep or visit Surfaceworks.us to get started.

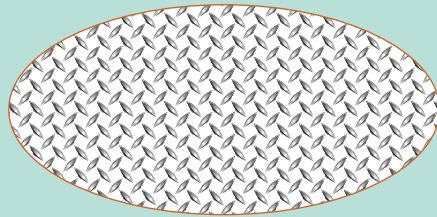

STEP ONE

Choose the table style (or other product you'd like customized) from our website. Choose your edge finish from our standards, or we can custom match your urethane edge to your art.

STEP TWO

Send us your logo or other design element – this is the focal point of your table!

STEP THREE

Find the perfect background. We can help point you in the right direction via stock sites or our partner, Wilsonart's Virtual Design Library.

STEP FOUR

SurfaceWorks can enhance your background and logo to create the perfect design. Or, if you have a complete design ready, great, we'll use it. We'll show you a laminate proof for approval before we move into production.

STEP FIVE

Your masterpiece is ready!
