**MILES**

**SPECIFICATION & PRICING GUIDE**

**FEBRUARY 2026**

THOUGHTFULLY DESIGNED FOR THE FULL SPECTRUM OF GATHERING SPACES—  
FROM COLLABORATIVE MEETING AREAS TO EXECUTIVE CONFERENCE SETTINGS  
AND LARGE-SCALE TRAINING ROOMS. WHEREVER CONNECTION HAPPENS,  
MILES BRINGS COHESIVE AND ELEVATED DESIGN.

Conference Tables

Seated height conference tables available in Rectangle, Rounded Rectangle, Racetrack, and Guitar Pick shapes.

Touchpoint Tables

Standing height tables with footrest available in Rectangle and Rounded Rectangle shapes.

Training Tables

Fixed Top and Flip top seated height tables available in Rectangle, Half-Squire, and Chevron shapes.

Occasional Tables

Coffee and Side table height available in Square, Rounded Square, Circle, and Guitar Pick shapes.

Café Tables

Seated and Standing height tables available in Square, Rounded Square, and Circle shapes.

Media Tables

Seated and Standing Height table with optional Storage Unit and Partition Wall. Available in Rectangle, Racetrack, Tapered Racetrack, and Roundagon Shape.

Casegoods

Buffets are available in 24" depths and Credenzas in 19" or 24" depths. Style configurations include doors, drawers, shelves, cubbies and raised back/sides.

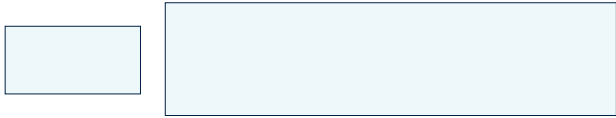

Standards

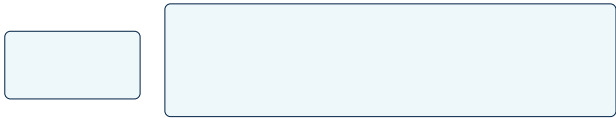

Meets or exceeds applicable ANSI/BIFMA durability and safety standards and is SCS Indoor Advantage Gold certified

Shapes & Sizes

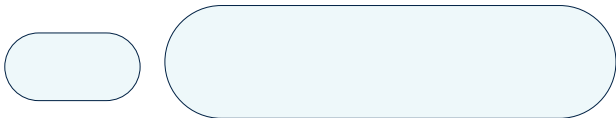

Rectangle: 36"D – 60"D × 72"W – 240"W

Rounded Rectangle: 36"D – 60"D × 72"W – 240"W

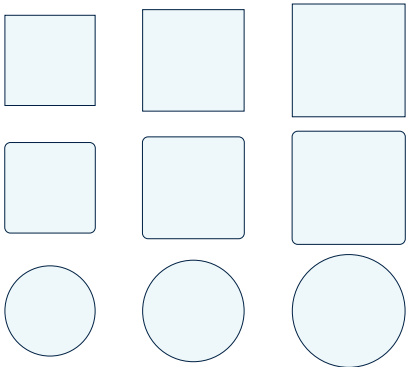

Racetrack: 36"D – 60"D × 72"W – 240"W

Guitar Pick: 38"D × 54"W      Guitar Pick: 57"D × 72"W

Square, Rounded Square, Square: 48", 54", 60"

Miles Conference Tables size availability is as per chart below:

Miles Conference Table Sizes			
Shape	Depth	Base Style	Width
Rectangle, Rounded Rectangle, Racetrack	36", 42", 48"	Y-Base	<b>1 piece:</b> 72", 84", 96" <b>2 piece:</b> 108", 120", 132", 144", 156", 168", 180", 192" <b>3 piece:</b> 204", 216", 228", 240"
	54", 60"	Double Y-Base	
Guitar Pick	38"	Y-Base	<b>Small:</b> 54"
	57"	Double Y-Base	<b>Large:</b> 72"
Square, Rounded Square, Round	48", 54", 60"	4 Post X-Base	48", 54", 60"

Heights

Miles Conference Tables are available in 29" Seated Height.

Base Availability

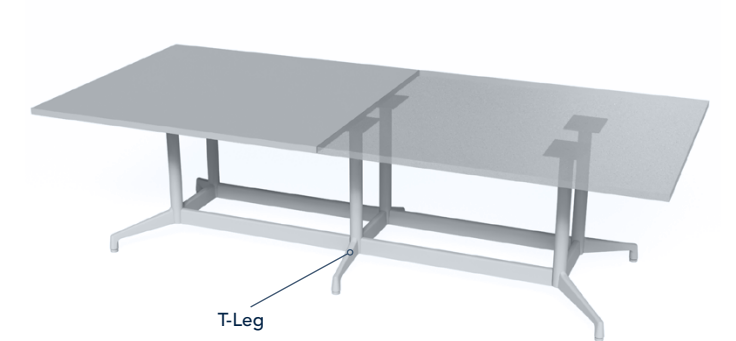

Conference Tables that are 36", 42", or 48" in depth will use the Y-Base, with a single stretcher between the leg assemblies.

Conference tables that are 54", 57"\*, or 60" in depth will use the Double Y-Base, with two stretchers between the leg assemblies for added stability.

Conference tables that are 48", 54", or 60" round/square/rounded square will use the Four Post X-Base.

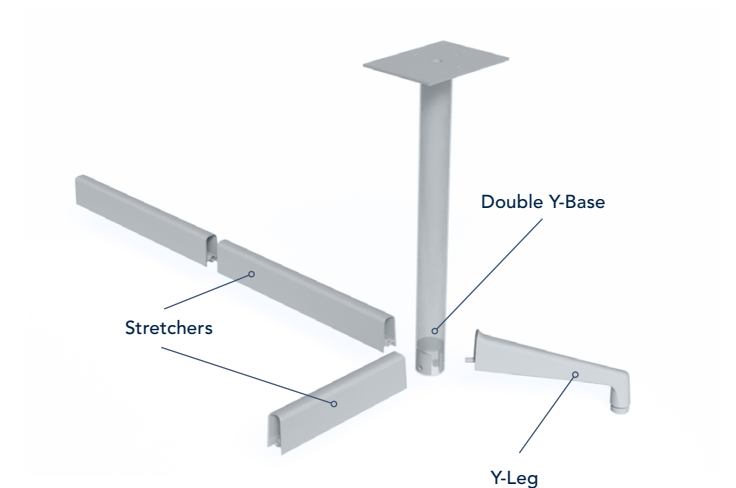

\* 57" depth available in Guitar Pick Shape only

Leg Placement

Miles Conference Tables with tops that are two or three piece will have an additional T-Leg for each additional top. Two piece tables will have six legs. Three piece tables will have eight legs.

Base Construction

Miles Table frames are built from 13GA powder coated steel. The number and length of stretchers are variable according to the selected table size. Stretchers and Y/T Legs are made of cast aluminum, and are bolted to 2.25" diameter vertical posts to create the final leg assembly. A 6GA mounting plate at the top of the leg assembly secures the table.

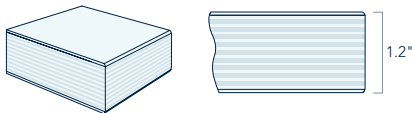

Glides

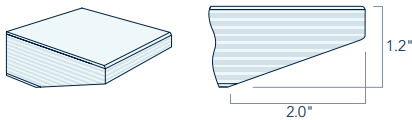

Miles Conference Tables are offered with 1.5" adjustable Glides with 0.5" of adjustability. Glides are polished silver with white plastic feet.

Top & Edge Construction

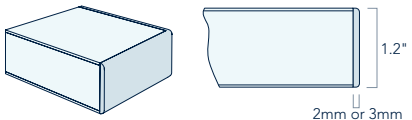

Edge Model BP2: Flat Profile Baltic Birch Plywood

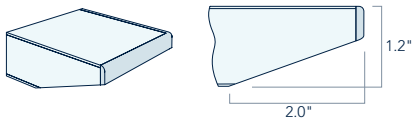

Edge Model BP4: Knife Profile Baltic Birch Plywood

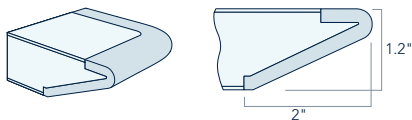

Edge Models AB, EB, EB9: Flat Profile Edgeband

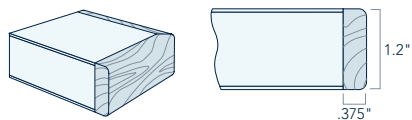

Edge Model PK4: Knife Profile Edgeband

Edge Model MT1: Knife Profile Urethane\*

Edge Model WB1: Small Eased Profile

**Edge Models BP2 & BP4:** constructed with high-pressure laminate, birch plywood core with a coated reveal and backed with phenolic to form a sealed outside surface. Actual table dimensions for BP2 and BP4 may be slightly less than nominal

**Edge Models AB, EB, EB9:** constructed with high-pressure laminate, particleboard core, edged with edgeband, backed with phenolic to form a sealed outside surface.

**Edge Model PK4:** constructed with high-pressure laminate, MDF core with a coated knife reveal, edged with edgeband, and backed with phenolic to form a sealed outside surface.

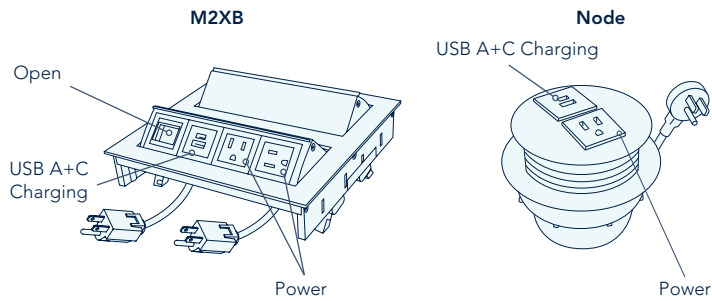

**Edge Model MT1:** constructed with high-pressure laminate, particle board core with a urethane coated knife reveal and backed with phenolic to form a sealed outside surface.

**Edge Model WB1:** constructed with high-pressure laminate, MDF core edged with 3/8" solid wood, and backed with phenolic to form a sealed outside surface.

Miles Conference Table Standard Edge Models		
Edge Material	Edge Model	Description
Baltic Birch Plywood	BP2	Plywood Flat Profile w/Laminate overlay
	BP4	Plywood Knife Profile w/Laminate overlay
Edgeband	AB	2mm ABS or Polypropylene, Flat Profile
	EB	2mm or 3mm ABS, PVC or Polypropylene, Flat Profile
	EB9	2mm 3D Acrylic Flat Profile
	PK4	2mm or 3mm ABS, PVC or Polypropylene, Knife Profile & MDF reveal
Urethane	MT1*	Medium Knife Profile, PURTech Urethane Edge
Wood Edge	WB1	Small Eased Profile, Wood Edge

\* MT1 Urethane Edge is only available on 48" deep Rectangle or Racetrack Tables

Power/Data: M2XB or Node

For tables using the Y-Base or Double Y-Base, the default power unit is **M2XB** (overall size 8.3" × 8.0"), featuring dual-sided popup units with two power, one USB A+C charging and one open data on each side. Units are equipped with two 10' cords with straight plugs.

M2XB is available in 499B Silver w/Black trim, 300 Black and 699 White.

For tables using the Four Post X-Base, the default power unit is **Node** (overall size 3.5" × 3.5"), featuring one power and one USB A+C charging. Units are equipped with one 10' cord with flat plugs.

Node is available in 499B Silver w/Black trim, 300 Black and 699 White.

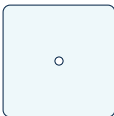

Other power modules are available—refer to the accessories section.

Power Placement

One M2XB per Table: Widths 72" to 96"

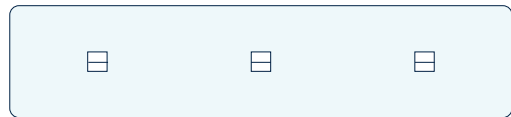

1 Node per Table 48"D to 60"D

Two M2XB per Table: Widths 108" to 192"

Three M2XB per Table: Widths 204" to 240"

When power is selected, **placement** is as follows:

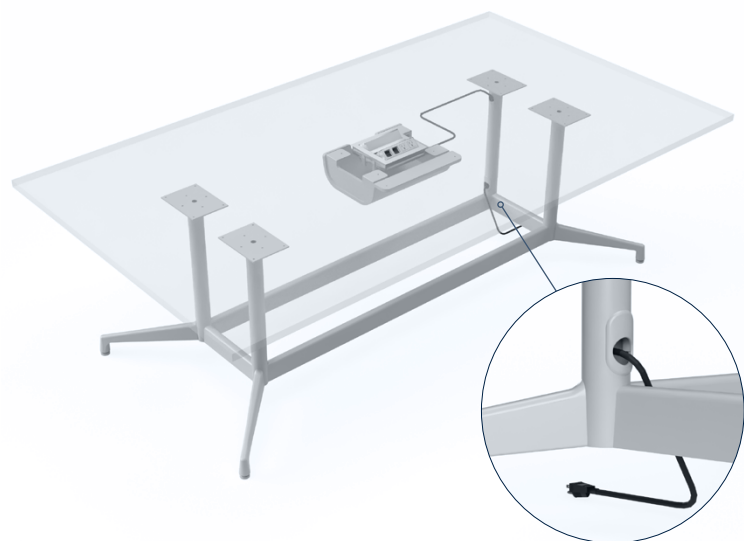

**Widths of 72" to 96"**: One power/data unit centered and oriented parallel with the length of the table.

**Widths of 108" to 192"**: Two power/data units centered within each table piece, evenly spaced, and oriented parallel to the length of the table.

**Widths of 204" to 240"**: Three power/data units centered within each table piece, evenly spaced, and oriented parallel to the length of the table.

**Diameters of 48" to 60"**: One power/data unit centered.

Table Leg Wire Management

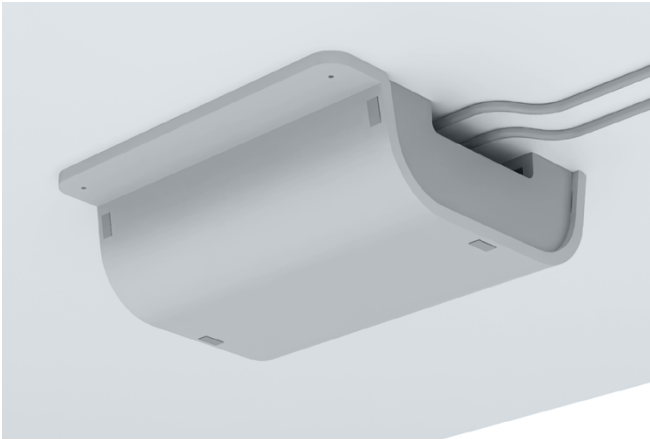

Cables and wires are routed through mouseholes at the top and bottom of the leg. Mousehole grommets are black for all base colors except silver, which will be silver.

Miles Wire Management Options		
Base	# of Top Pieces	Mousehole Options
Y-Base or Double Y-Base	1	One End Leg with Mouseholes
Y-Base or Double Y-Base	2 or 3	Mouseholes in One End Leg
		Mouseholes in One Center Leg
		Mouseholes in Two End Legs
		Mouseholes in One Center Leg, One End Leg
Four Post X-Base	1	Mouseholes in One Column

PET Power Shroud

The **PET Power Shroud** is designed to contain wires and conceal the underside of the default M2XB power unit beneath the table. It measures 15.5" W × 12" D × 4.5" H and is made from recycled PET material. The shroud is an accessory to be field installed.

Featured Accessory - Monitor Mount & Shroud

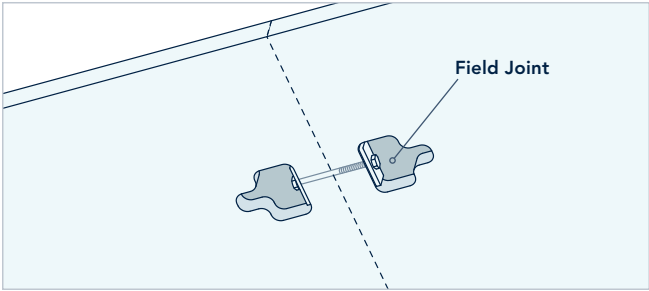

The Monitor Mount and Shroud is designed to attach a freestanding TV from 48" to 65" on the end of a conference table. The 14GA metal bracket is mounted to the underside of the table. The bracket is adjustable with two heights for different sized TVs. A magnetic shroud attaches to the front to conceal wires.

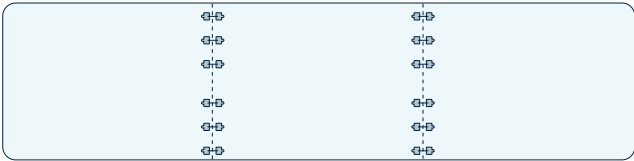

A recycled PET material shroud clips to the back of the bracket to further conceal wires. The Monitor Mount and Shroud fits most flat screen TVs and monitors.

The Monitor Mount and Shroud is an accessory to be purchased seperately and is field installed.

Field Joints

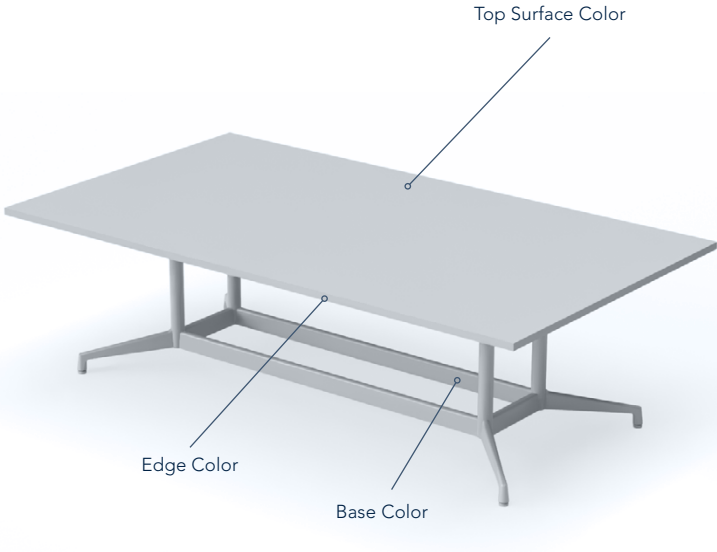

3-Piece Top Example

Miles Conference tables in rectangle, rounded rectangle or racetrack, larger than 96" in width are manufactured in two pieces or three pieces with field joints. Grains are expertly matched across the seams, however, a precise match cannot be guaranteed.

Miles Conference Table Field Joints				
Shape	Depth	Width	# of Top Pieces	Seams
Rectangle, Rounded Rectangle. Racetrack	36"	72"-96"	1	0
		108"-192"	2	1
		204"-240"	3	2
	48"	72"-96"	1	0
		108"-192"	2	1
		204"-240"	3	2
	60"	72"-96"	1	0
		108"-192"	2	1
		204"-240"	3	2

Finish Selection

There are **three Miles Conference Table components that require finish selections**—top surface, top edge and base (see chart below).

[Click Here](#) to review all current colors and finishes.

Miles Conference Table Finish Selection								
Finish Type	High-Pressure Laminate	Fenix	Forbo Furniture Linoleum	Metal Powder-coat	Edge Models

Cross-Grain Laminate

Cross-Grain positioned laminate is an option for conference tables, available when the aesthetic requires it and for multi-section tables where the field jointed seams run perpendicular to an aggressive laminate grain that is difficult to match. Laminate seams may be required, but are more easily hidden when aligned with the grain.

Cross-Grained Laminate . . . . . quote required

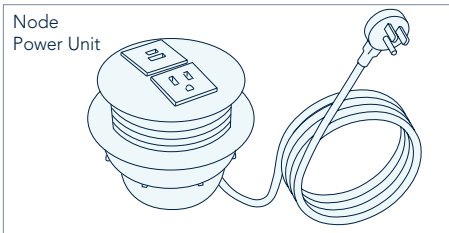

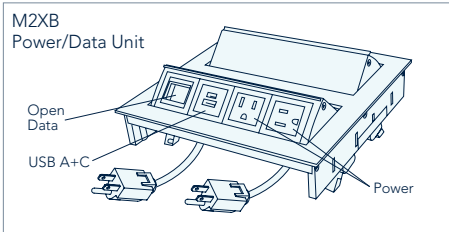

Power/Data Option: M2XB or Node

M2XB (overall size 8.3" x 8") is a dual-sided popup unit with two power, one USB A+C charging and one open data on each side. Units are equipped with two 10' cords with straight plugs.

Node (overall size 3.5" x 3.5"), features one power and one USB A+C charging. Units are equipped with one 10' cord with flat plugs.

Both are available in 499B Silver w/Black trim, 300 Black, and 699 White as per below configurations:

- MP1 One M2XB unit per table (72-96w). . . + \$1,606
- MP2 Two M2XB units per table (108-196w)+ \$3,030
- MP3 Three M2XB units per table (204-240w) .+ \$4,545
- MP1 One Node unit per table (48"D-60"D) + \$507

Other Power/Data

Please visit the Accessories section for additional power/data solutions.

Table Leg Wire Management Option

Cables and wires are routed through optional mouseholes positioned at the top and bottom of the leg; select your configuration below; placement is determined upon installation.

1pc Top Mousehole Placement

- MH1 One base with mouseholes . . . . . +\$90

2pc or 3pc Top Mousehole Placement

- MHY1 One end base with mouseholes. . . . . +\$90
- MHT1 One center base with mouseholes. . . . . +\$90
- MHY2 Two end bases with mouseholes . . . . . +\$180
- MHYT One center and One end base with mouseholes . . . . . +\$180

Freestanding Monitor Mount

The Monitor Mount and Shroud is designed to attach a freestanding TV up to 60" on the end of a conference table.

Freestanding Monitor Mount is an accessory to be ordered separately and field installed.

AXE.MMT.4260 Freestanding Monitor Mount \$2,485

PET Power Shroud

The PET Shroud is designed to contain wires and the conceal the underside of the power modular beneath the table. It measures 15.5W x 12D x 4.5H and is made from grey recycled PET material.

PET Shroud is an accessory to be ordered separately and field installed.

AXW.PES.1 PET Power Shroud . . . . . \$100

Other Wire Management

Please visit the Accessories section for additional wire management solutions.

Standards	Meets or exceeds applicable ANSI/BIFMA durability and safety standards and is SCS Indoor Advantage Gold certified
-----------	---

Shapes & Sizes	Miles Touchpoint Table shapes include Rectangle and Rounded Rectangle with a 3" corner radius. Available in five sizes as per chart below.
----------------	--

Shapes

Rectangle

Rounded Rectangle

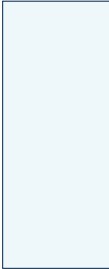

Sizes

24" x 48"

24" x 60"

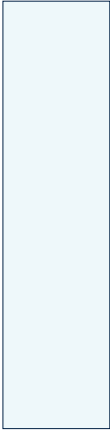

24" x 72"

24" x 84"

24" x 96"

Shape	Depth	Width
Rectangle	24"	48", 60", 72", 84", 96"
Rounded Rectangle	24"	48", 60", 72", 84", 96"

Heights	Miles Touchpoint Tables are available in 42" Standing Height.
---------	---

Base Construction

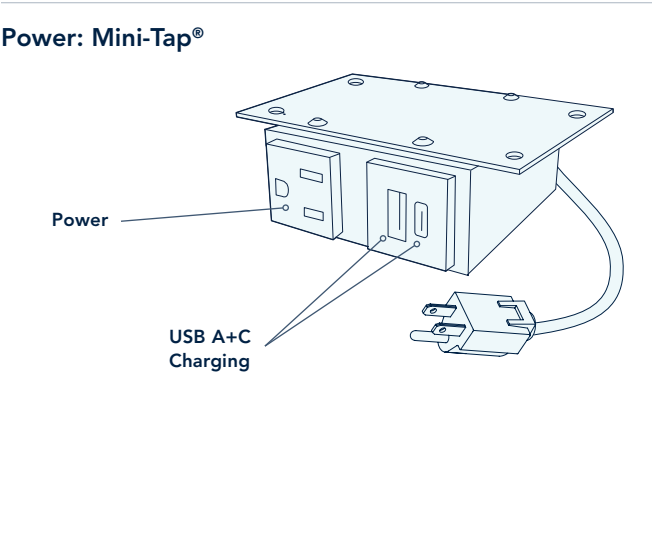

Miles Touchpoint Table frames are built from 13GA powder coated steel. A stretcher/footrest and T-Legs are made of cast aluminum, and are connected to each 2.25" diameter vertical post to complete the base assembly. A 6GA mounting plate at the top of each leg assembly secures the table top.

Glides

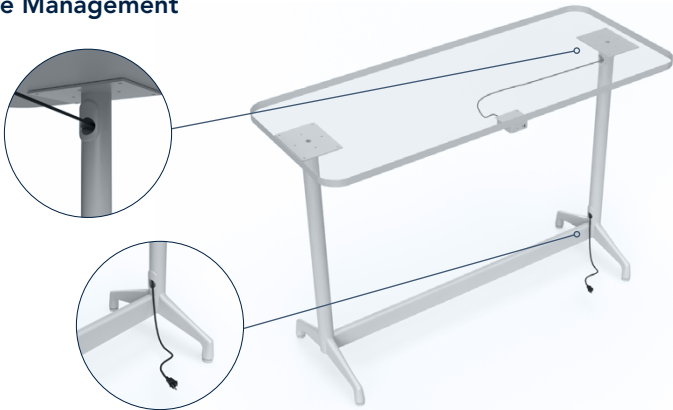

Miles Touchpoint Tables are offered with 1.5" adjustable Glides with 0.5" of adjustability. Glides are polished silver with white plastic feet.

Power: Mini-Tap®

The recommended power accessory is the Mini-Tap® Power unit. Sized at 3W" x 1.5H" x 3.25D", the unit is field-mounted under the Miles Touchpoint Table. Configured with one power and one USB A+C charging, and a 120" cord with a straight plug. Available in black.

Wire Management

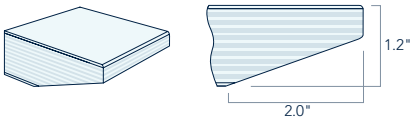

Cables and wires are routed through mouseholes at the top and bottom of the leg. Mousehole grommets are black for all base colors except silver, which will be silver.

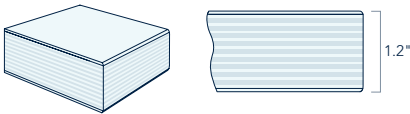

Miles Wire Management Options	
Base	Mousehole Options
T-Base	No Mouseholes
	Mouseholes in One End Leg

Top & Edge Construction

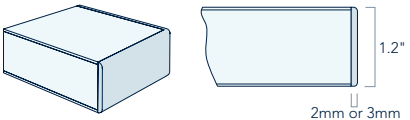

Edge Model BP4: Knife Profile Baltic Birch Plywood

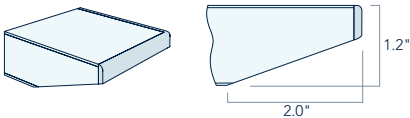

Edge Model BP2: Flat Profile Baltic Birch Plywood

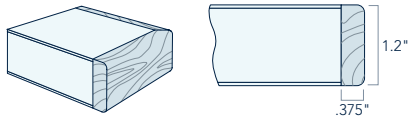

Edge Models AB, EB, EB9: Flat Profile Edgeband

Edge Model PK4: Knife Profile Edgeband

Edge Model WB1: Small Eased Profile

**Edge Models BP2 & BP4:** constructed with high-pressure laminate, birch plywood core with a coated reveal and backed with phenolic to form a sealed outside surface. Actual table dimensions for BP2 and BP4 may be slightly less than nominal

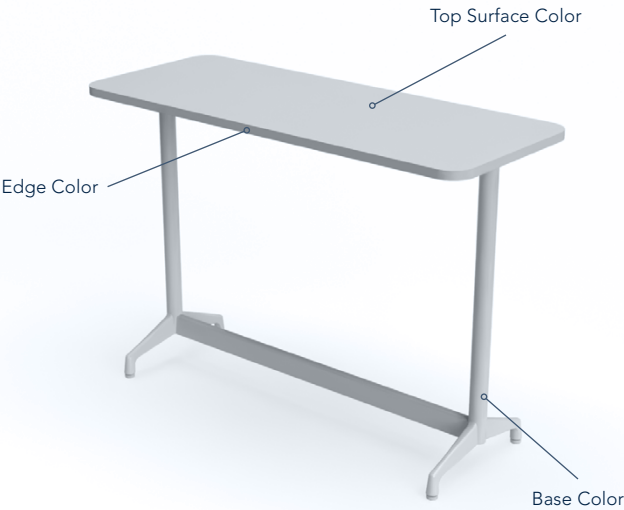

**Edge Models AB, EB, EB9:** constructed with high-pressure laminate, particleboard core, edged with edgeband, backed with phenolic to form a sealed outside surface.

**Edge Model PK4:** constructed with high-pressure laminate, MDF core with a coated knife reveal, edged with edgeband, and backed with phenolic to form a sealed outside surface.

**Edge Model WB1:** constructed with high-pressure laminate, MDF core edged with 3/8th solid wood, and backed with phenolic to form a sealed outside surface.

Miles Touchpoint Table Standard Edge Models		
Edge Material	Edge Model	Description
Baltic Birch Plywood	BP2	Plywood Flat Profile w/Laminate overlay
	BP4	Plywood Knife Profile w/Laminate overlay
Edgeband	AB	2mm ABS or Polypropylene, Flat Profile
	EB	2mm or 3mm ABS, PVC or Polypropylene, Flat Profile
	EB9	2mm 3D Acrylic Flat Profile
	PK4	2mm or 3mm ABS, PVC or Polypropylene, Knife Profile & MDF reveal
Wood Edge	WB1	Small Eased Profile, Wood Edge

Finish Selection

There are **three Miles Touchpoint Table components that require finish selections** - top surface, top edge and base (see chart below).

[Click Here](#) to review all current colors and finishes.

Standards

Meets or exceeds applicable ANSI/BIFMA durability and safety standards and is SCS Indoor Advantage Gold certified

Shapes & Sizes

Miles Training Tables size availability is as per chart below.

Miles Training Table Sizes			
Base	Shape	Depth	Width
T-Leg Fixed, T-Leg Flip-top, C-Leg Fixed, C-Leg Flip-top	Rectangle, Half-Squircle,	24", 30"	48", 60", 72", 84"
	Chevron	24", 30"	60", 72"

\*Dimension of Chevron flat side varies with table size

Height

Miles Training Tables are available in 29" Seated Height.

Base Availability

Miles Training Tables are available with T-Legs or C-Legs in Fixed or Flip-top.

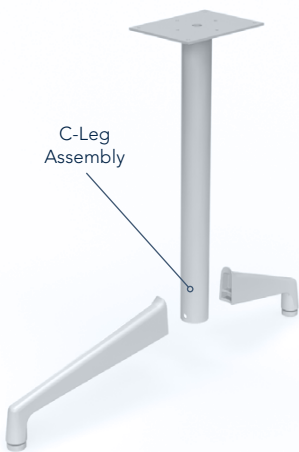

Fixed Leg training tables have 1.5" adjustable glides with 0.5" of adjustability. Glides are polished silver with white plastic feet. Fixed leg tables are also available with casters as an option.

Flip top training tables have 2" locking casters. Casters are black.

Base Construction

Miles Training Table frames are built from 13GA powder coated steel. C or T Legs made of cast aluminum are bolted to 2.25" diameter vertical posts to create the final leg assembly. A 6GA mounting plate or Flip-top mechanism at the top of the leg assembly secures the table top.

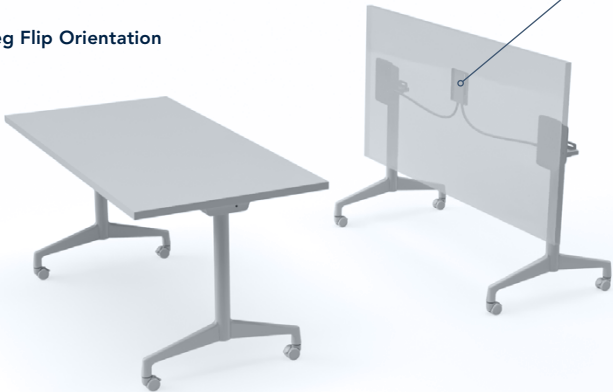

Fixed or Flip-Top

C-Leg Flip Orientation

One-handed Flip-top release

T-Leg Flip Orientation

Miles Training Table are available in Flip-top in both C-Leg and T-Leg configurations. Flip-top table releases are installed underneath the tabletop on the user side. Flip-Top tables lock in both the up and down position.

Training Tables with T-Legs fold away from the user side. Training Tables with C-Legs fold towards the user side.

Flip-Top Nesting

Nesting Depth

Nesting Width

Miles Flip-top Training Tables in both C-Leg and T-Leg nest in a staggered formation for easy storage, adding 2" to the overall footprint dimension of the table width

When in the flipped position, flip-top tables have the depth of their corresponding leg assembly. Each additional nexted table adds approximately 9" to the overall depth of all nested tables

Miles Training Table Nesting Dimension		
Base Leg	Top Depth	Foot Spread
T-Leg	24"	20"
	30"	26"
C-Leg	24"	21.5"
	30"	26.375"

Modesty Panels

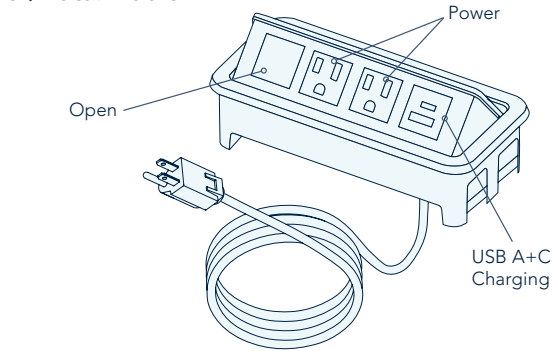

Miles Training Table feature a folding modesty panel option on the front of the table. Modesty panels are 8" in height, and reflect the width of the table. Modesty panels for Flip-Top tables are undermounted with hinges that freely swing as the table is folded for flat storage. Fixed top tables modesty panels are mounted with a fixed bracket.

Modesty panels are constructed of 100% PET material. PET material is dark grey in color. Laminate modesty panels are available to be purchased as an accessory, see How to Order page for more details.

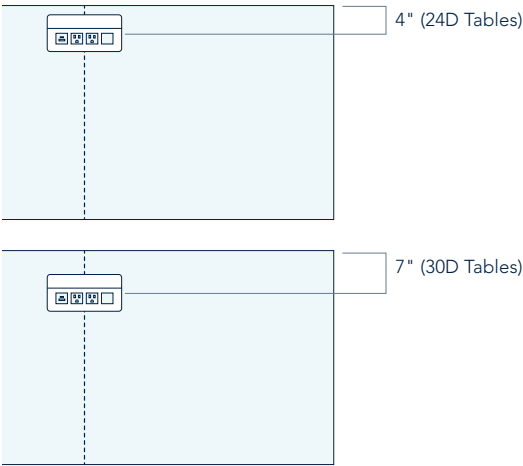

Modesty panels are not available in the C-Leg Flip-Top configuration.

Miles Training Table Modesty Panel Availability			
Base Leg	Top Style	Modesty Panel Available	Modesty Panel Material

	Flip-Top	•	
C-Leg	Fixed	•	Laminate, PET Material
	Flip-Top	N/A	N/A

Power/Data: Nacre®

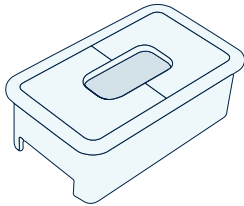

Power Placement

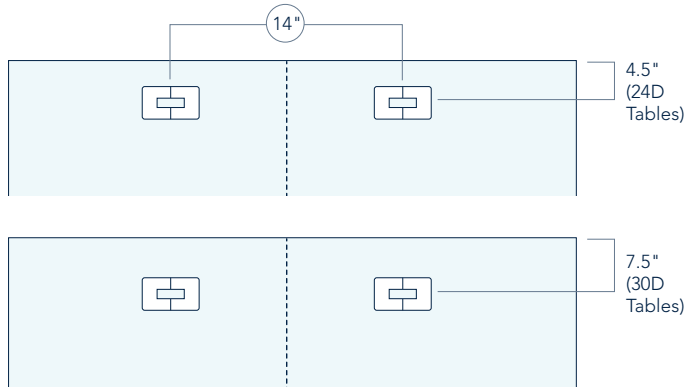

The recommended power is the pop-up Nacre® Power unit, sized at 7.25W" × 3.5D". Configured with two power and one USB A+C charging, and a 120" cord with a straight plug. Available in 300 Black, 699 White, or 004 Folkstone.

When power is selected, one nacre will be placed in the center of the table and parallel with the width of the table. For 24D tables, power is set back 4" from the front edge of the table to the center of the power unit. For 30D tables, grommets are set back 7" from the front edge of the table to the center of the power unit.

Grommets

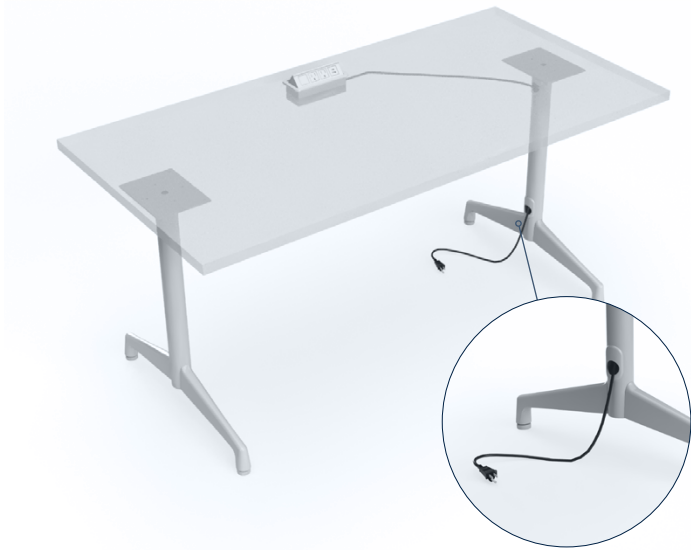

Grommet Placement

When grommets are selected, two 3" × 2.5" grommets, spaced 14" apart on center table along with back edge of the table top. For 24D tables, grommets are set back 4.5" from the front edge to the center of the grommet. For 30D tables, grommets are set back 7.5" from the front edge to the center of the grommet. Available in 300 Black only.

Wire Management

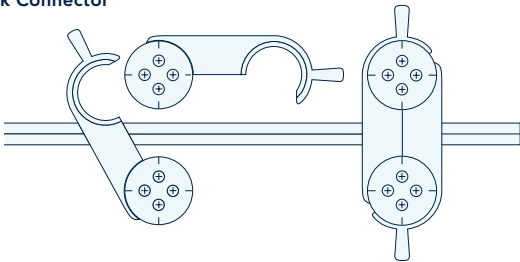

Cables and wires are routed through mouseholes at the top and bottom of the leg. Mouseholes are available in both C-Legs and T-Legs. C-Legs will always have mouseholes in the right leg. Mousehole grommets are black for all base colors except silver, which will be silver.

See the How to Order page for additional wire management accessories.

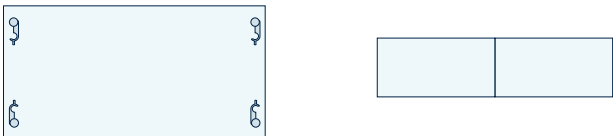

Table Connectors

Pop N' Lock Connector

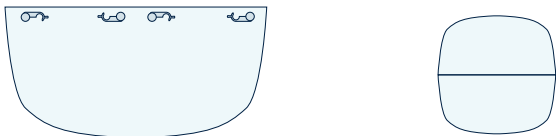

Training Tables securely connect together using the undermounted Pop N' Lock connector. Refer to the illustration for standard placement of connectors. Pop N' Lock connectors are pre-assembled.

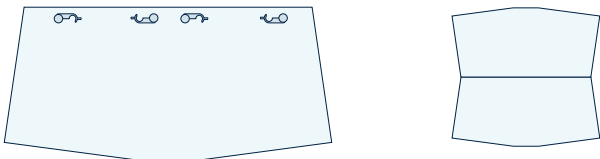

Standard Rectangle Placement

Standard Half-Squircle Placement

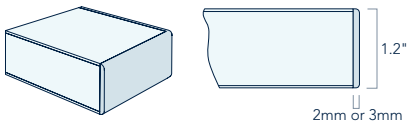

Standard Chevron Placement

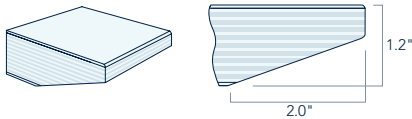

Top & Edge Construction

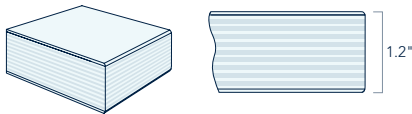

Edge Models AB, EB, EB9: Flat Profile Edgeband

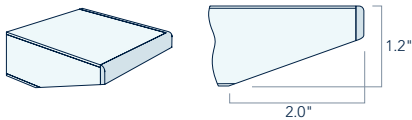

Edge Model BP4F: Knife Profile Baltic Birch Plywood

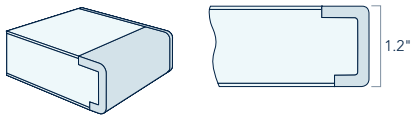

Edge Model BP2: Flat Profile Baltic Birch Plywood

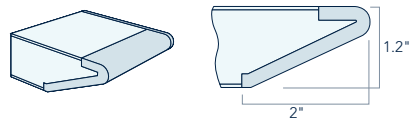

Edge Model PK4F: Knife Profile Edgeband

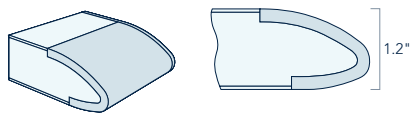

Edge Model MA7F: Knife Profile Urethane\*

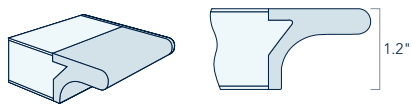

Edge Model MT1F: Knife Profile Urethane\*

Edge Model MT6F: Knife Profile Urethane\*

Edge Model MT9F: Knife Profile Urethane\*

**Edge Models BP2 & BP4F:** constructed with high-pressure laminate, birch plywood core with a coated reveal and backed with phenolic to form a sealed outside surface. Actual table dimensions for BP2 and BP4 may be slightly less than nominal

**Edge Models AB, EB, EB9:** constructed with high-pressure laminate, particleboard core, edged with edgeband, backed with phenolic to form a sealed outside surface.

**Edge Model PK4F:** constructed with high-pressure laminate, MDF core with a coated knife reveal on the user side, edged with edgeband, and backed with phenolic to form a sealed outside surface. Non-user sides are edged with matching edgeband

**Edge Model MA7F, MT6F, MT9F, MT1F:** constructed with high-pressure laminate, MDF core edged with urethane on the user side, and backed with phenolic to form a sealed outside surface. Non-user sides are edged with matching edgeband.

Miles Training Table Standard Edge Models		
Edge Material	Edge Model	Description
Baltic Birch Plywood	BP2	Plywood Flat Profile w/Laminate overlay
	BP4F	Plywood Knife Profile w/Laminate overlay
Edgeband	AB	2mm ABS or Polypropylene, Flat Profile
	EB	2mm or 3mm ABS, PVC or Polypropylene, Flat Profile
	EB9	2mm 3D Acrylic Flat Profile

Round	Standing (42")	24", 30", 36"	24", 30", 36"

Heights

Miles Café Tables are available in 29" Seated Height and 42" Standing Height.

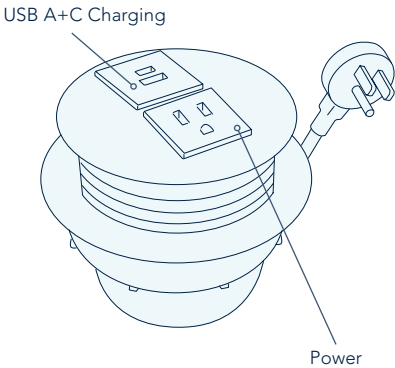

Base Construction

Miles Café Table frames are built from 13GA powder coated steel. Four cast aluminum legs attach to the 2.25" diameter post to complete the X-Base assembly. A 6GA mounting plate at the top of each leg assembly secures the table top.

Power: Node

The default power unit is **Node** (overall size 3.5" × 3.5"), featuring one power and one USB A+C charging. Units are equipped with one 10' cord with flat plugs. Standard power placement is centered in the table.

Node is available in 499B Silver w/Black trim, 300 Black and 699 White.

Wire Management

When power is selected, **the standard X-Base is replaced with a 10.5" cone top variant** to fit power options. Cables and wires are routed through the top of the base and out the bottom through mouseholes. Mousehole grommets are black for all base colors except silver, which will be silver.

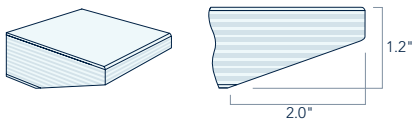

Glides

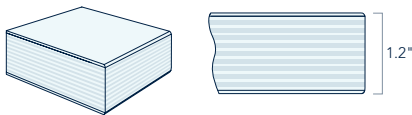

Miles Café Tables are offered with 1.5" adjustable Glides with 0.5" of adjustability. Glides are polished silver with white plastic feet.

Table Styles

Table Only

Table with Storage Unit

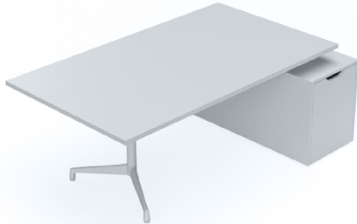

Table with Storage Unit + Wall

The Miles Media Table is available in three configurations:

**Table Only:** A wall-mounted design with a single base leg assembly.

**Table with Storage Unit:** A freestanding table that includes one base leg assembly and a storage unit casegood.

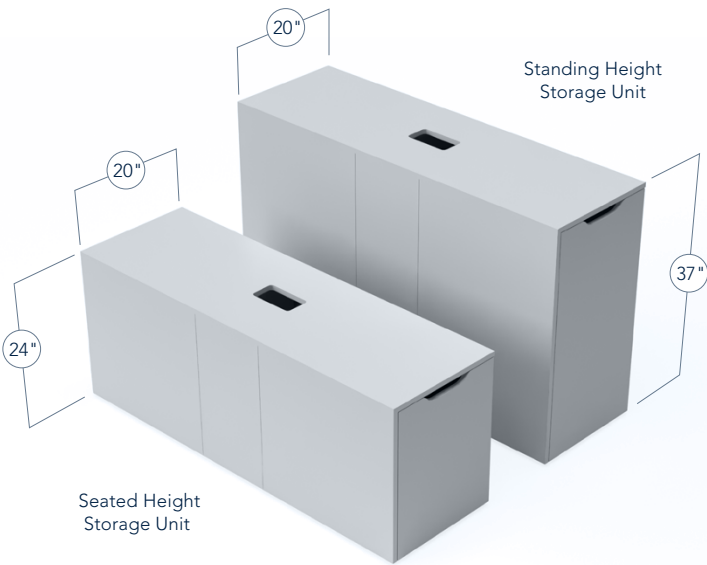

**Table with Storage Unit + Wall:** A freestanding table with one base leg assembly, a storage unit casegood, and a partition wall that attaches to the storage unit.

Table Heights

Miles Media tables come in 29" seated height and 42" standing height.  
 Tables without Storage Units are only available in seated height.

Storage Unit Sizes

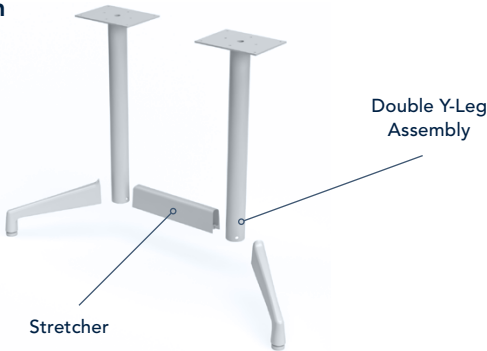

Miles Media Tables with Storage Units are 24" in height for seated height tables and 37" in height for standing height tables.  
 See table below for all size variations.

Miles Media Table Storage Unit Sizes					
Table Height	Table Depth	Storage Unit Width	Storage Unit Height	Storage Unit Depth	Wall Height*
Seated (29")	42"	48"	24"	20"	66", 72"
	48"	54"			
	54"	60"			
	60"				
Standing (42")	42"	48"	37"	20"	76"
	48"	54"			
	54"	60"			
	60"				

\*If Storage + Wall is selected.

Base Construction

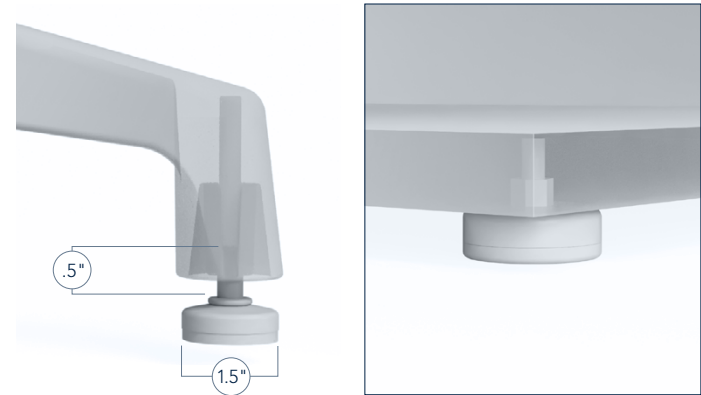

Miles Media Table bases are built from 13GA powder coated steel. Stretchers and Y Legs are made of cast aluminum and bolted to the vertical posts to create the final leg assembly. A 6GA mounting plate at the top of the leg assembly secures the table.

Base Availability

Media Tables that are 36", 42", or 48" in depth will use the Y-Base.  
Media tables that are 54", or 60" in depth will use the Double Y-Base.

Glides

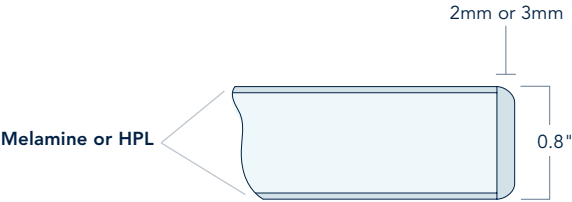

Miles Media Tables are offered with 1.5" adjustable Glides with 0.5" of adjustability. There are two glides on the base and six glides on the storage unit.

Hinges and Drawer Slides

Media Table drawers feature fully extendable undermount slides for easy access and include rubber bumpers for sound reduction.  
Storage unit doors feature soft close hinges and rubber bumpers for sound reduction.

Storage Unit, Drawer, and Door Construction

The Media table storage unit cases are constructed with a 0.75" particle board double faced with thermally-fused melamine with 2mm or 3mm matching thick edgeband. High pressure laminate is optional with an upcharge.

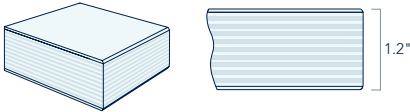

Door and Drawer Fronts consist of 0.75" particle board with high pressure laminate and matching thick edgeband. Storage unit walls consist of 1.2" particle board with high pressure laminate and matching thick edgeband.

Grain direction is vertical for cases, walls, and fronts, and vertically-adjacent fronts are grain matched.

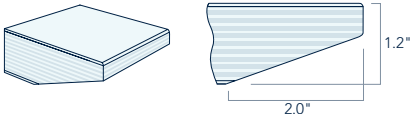

Cabinet backs are finished for space delineation use in an open plan.

\* MT1 Urethane edge is only available for Racetrack, Tapered Racetrack, and 48" deep Rectangles

Storage Unit Slide-Out Shelves & Door

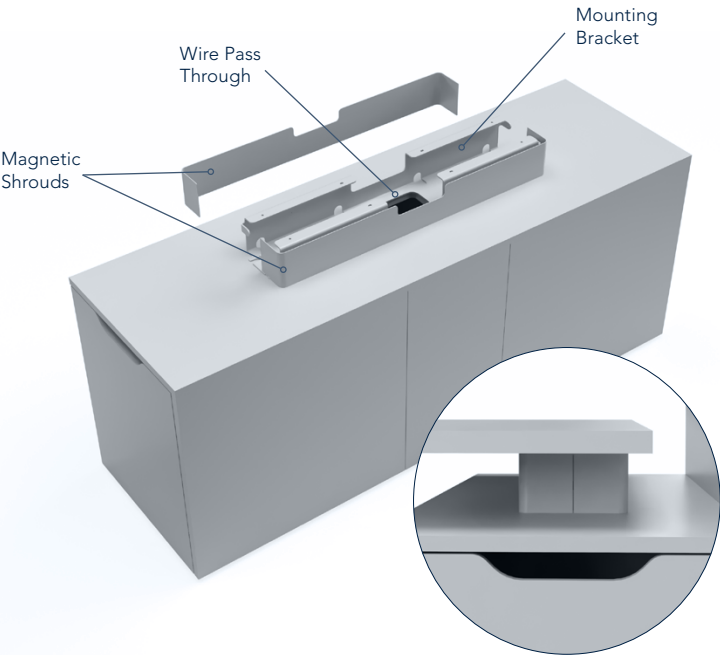

Media tables with storage units feature two drawers on either side and one discrete door on the front.

Drawers extend between 15" and 18" depending on storage unit width and have two shelves for seated height tables, or three shelves for standing height tables. Top shelves have a dark grey PET liner/divider. Drawer faces have a scalloped cut acting as a drawer pull.

The front facing door is 16" wide and opens to the right to access the media storage compartment. Doors do not come with pulls as standard. Doors can be opened from the bottom edge. Doors can be keyed, which acts as a door pull when the key is inserted.

The center storage compartment has one (seated height) or two (standing height) pin-height adjustable shelves with cutouts in the back for easy wire management. Additional cutouts on either side and the bottom of the compartment allow wire pass-through between compartments.

Storage Unit Mounting Bracket

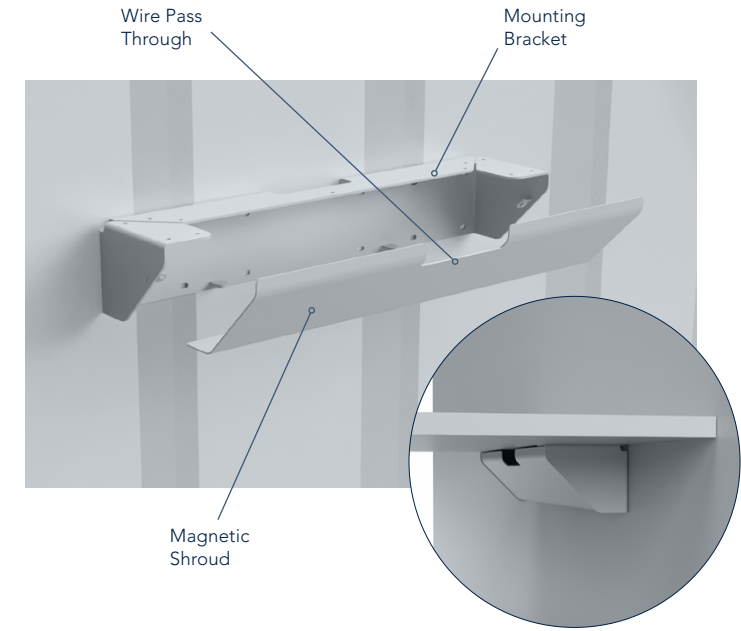

Media tables with storage include a mounting bracket that securely connects the table top to the storage unit. Constructed from 10-gauge, powder-coated steel, the bracket also functions as a wire shroud, allowing cables to pass neatly from the tabletop into the storage compartment.

Detachable magnetic shrouds conceal both hardware and wiring for a clean, discreet appearance.

The bracket is available in black only.

Wall Mounting Bracket

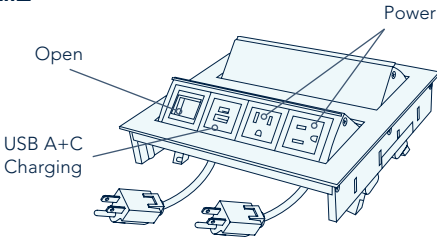

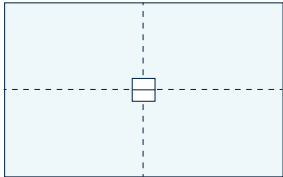

**Media tables without a storage unit** include a mounting bracket that securely connects the table top to the wall. Constructed from 10-gauge, powder-coated steel, the bracket also functions as a wire shroud, allowing cables to pass neatly from the tabletop to the wall. A detachable magnetic shroud conceals both hardware and wiring for a clean, discreet appearance.

The bracket is designed to fit 16", 19.2", and 24" on center stud installations with .25" of horizontal adjustability to ensure stud contact.

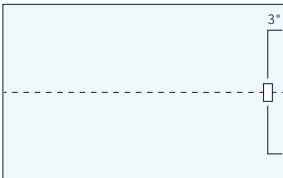

The bracket is available in black only.

Power/Data: M2XB or AxilZ

M2XB Power Placement

AxilZ Power Placement

**There are two standard power units for Miles Media Tables.**

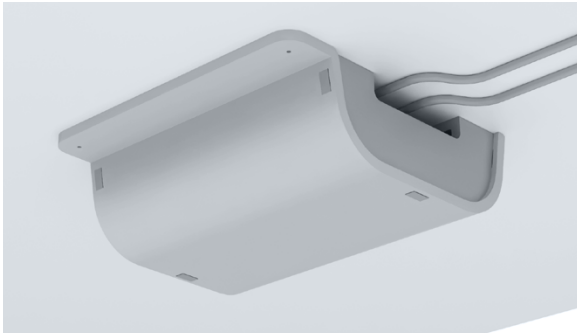

**M2XB** (overall size 8.3" × 8.0"), featuring dual-sided popup units with two power, one USB A+C charging and one open data on each side. Units are equipped with two 10' cords with straight plugs. Power placement is centered in the table top, and parallel with the width of the table.

**AxilZ** (overall size 6" × 3") is an in-surface unit with two power, and one open data. Units are equipped with a 10' cord with a straight plug. Power placement is on the mounting bracket side of the table, centered according to the depth of the table top, oriented perpendicular to the table width. **AxilZ is not available on freestanding tables.**

Both M2XB and AxilZ are available in 499B Silver w/Black trim, 300 Black and 699 White.

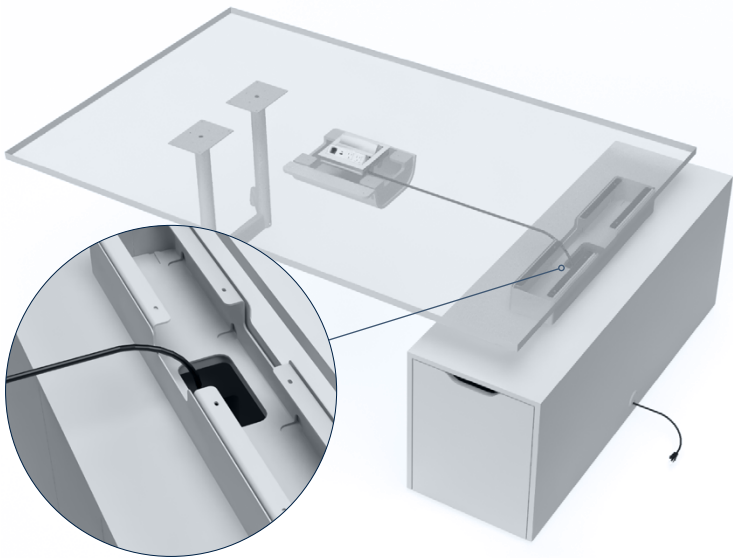

Other power modules are available—refer to the accessories section.

PET Power Shroud

The **PET Power Shroud** is designed to contain wires and conceal the underside of the M2XB power unit beneath the table. It measures 15.5" W × 12" D × 4.5" H and is made from recycled PET material. The shroud is an accessory to be field installed.

Wire Management

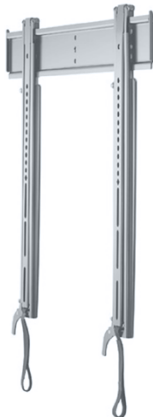

Cables and wires are routed on the underside of the table, through the table mounting bracket, and down into the storage unit. A 3.25" black grommet placed the bottom of the storage unit routes the wire to the outside.

Wall Wire Management

Storage Units with Wall have a recessed channel, covered by a removable panel to route wires from the storage unit up to the TV mounting area. This panel is made of 1/8" thick hardboard, and surfaced with grain matched laminate for a concealed look. The board attaches to the wall with a hook and loop material for ease of access and removal.

TV Mount

Media Tables with Wall+Storage include a ultra low-profile, TV wall mount designed for flat-panel displays less than 5 inches deep. Compatible with landscape installations only. Supports screens 48" to 65" wide. Available in black only.

MILES MEDIA TABLE

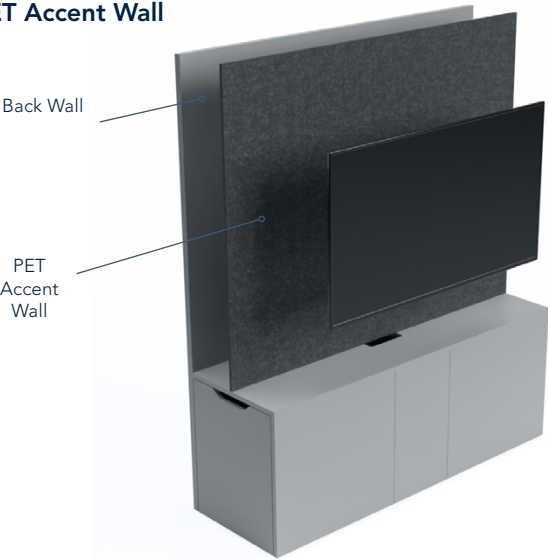

SPECIFICATIONS

PET Wall, Finish Selection, Shipping & Assembly

SURFACEWORKS PRICING GUIDE

ORIGINAL LINES

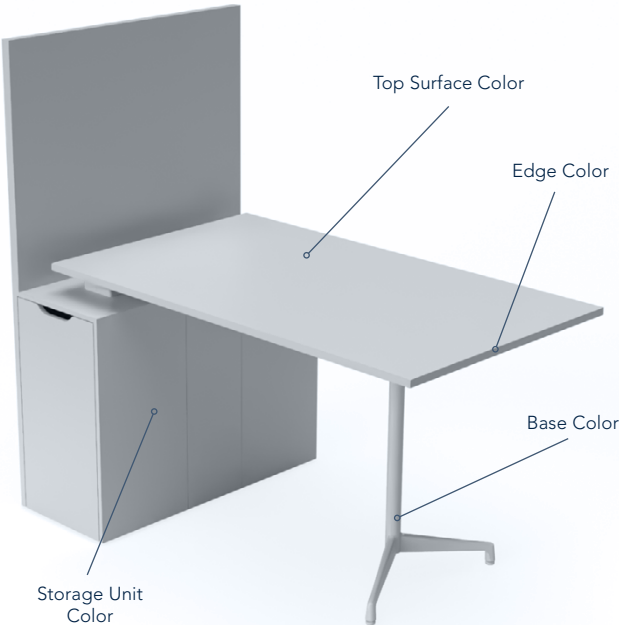

PET Accent Wall

For storage units with a back wall, an optional PET Accent Wall can be added on top of the back wall. The PET Accent Wall comes pre-installed to the back wall. The PET wall matches the width of the storage unit. Depending on selected wall height, the PET Accent Wall is 42"H or 48"H for seated height tables, and 39"H for standing height tables.

The PET Accent Wall has the same cutouts for wire management, and a cutout to fit the TV mounting bracket to the back wall. Made from 100% recycled dark grey PET material.

Finish Selection

There are up to **four Miles Media Table components that require finish selections** - top surface, top edge and base (see chart below).

[Click Here](#) to review all current colors and finishes.

Miles Credenzas are available in overall heights of 25.5" or 32.5" and 19" or 24" depths. Style configurations include doors, drawers, shelves, cubbies and raised back/sides.

One adjustable shelf is included per each door opening.

Drawer height is 5.5" (3.5" internal).

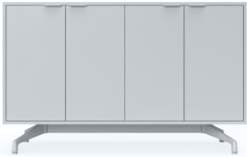

Drawer internal depth is 15.5" (19" case), 19.5" (24" case).

B70: Two Door/Cubby\*/Large Drawer

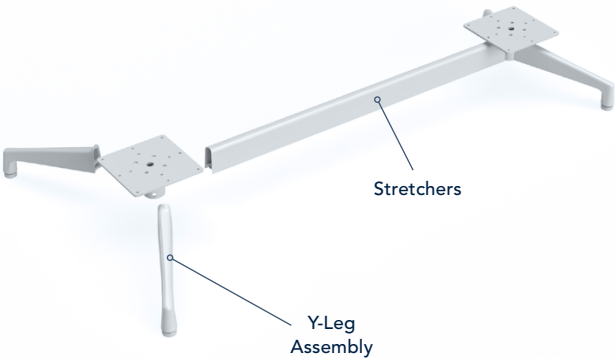

24D x 60W x 37.5H  
24D x 72W x 37.5H  
*\*Cubby shelf included*

Miles Buffets are available in overall heights of 37.5" and 19" or 24" depths. Configurations include doors, drawers, shelves and cubbies.

- One adjustable shelf is included per each door opening.
- Style B70 includes one adjustable cubby shelf.
- Drawer height is 5.5" (3.5" internal).
- Drawer internal depth is 15.5" (19" case), 19.5" (24" case).
- Large drawer height is 11.5" (8" internal).

Base Construction

Miles Casegood bases are built from 13GA powder coated steel. The stretcher and Y-Legs are made of cast aluminum and are bolted to the 2.25" vertical posts to create the final leg assembly. A 6GA mounting plate at the top of each leg assembly secures the casegood.

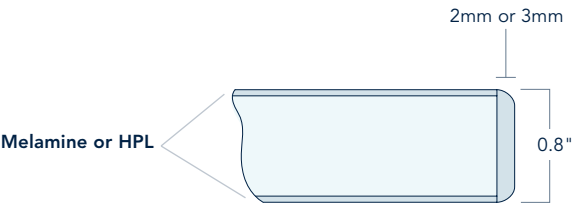

Casegoods that are wider than 84" will receive an additional center T leg.

Adjustable Glides

Miles Casegoods are offered with 1.5" adjustable Glides with 0.5" of adjustability.

Cabinet & Door Construction

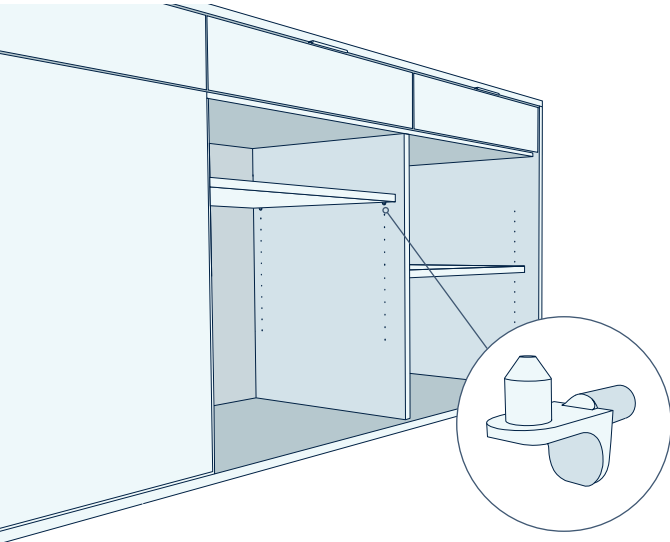

The Miles Casegoods cabinet cases are constructed with a 0.75" particle board double faced with thermally-fused melamine with 2mm or 3mm matching thick edgeband. High pressure laminate is optional with an upcharge.

Door and Drawer Fronts consist of 0.75" particle board with high pressure laminate and matching thick edgeband.

Grain direction is vertical for both cases and fronts, and vertically-adjacent fronts are grain matched.

Cabinet backs are finished for space delineation use in an open plan.

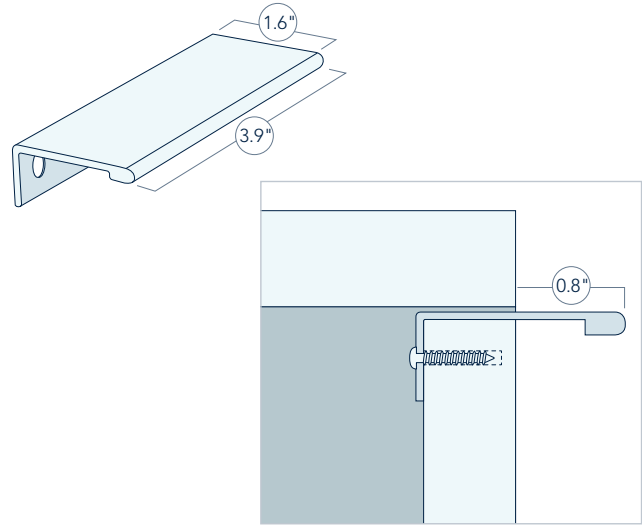

Adjustable Shelf Placement

Miles Credenzas and Buffets feature one adjustable shelf per door opening, which can be positioned using pre-drilled holes. Each shelf is secured with shelf-locking peg hardware to prevent movement or sliding.

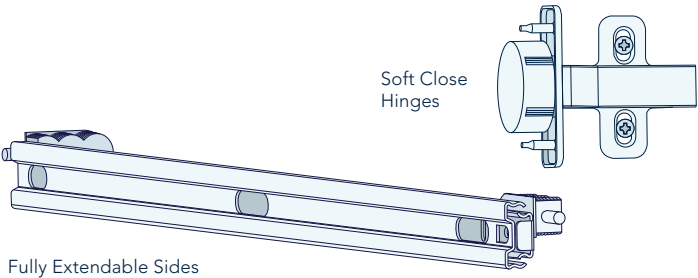

One adjustable cubby shelf is also included with style B70.

Door & Drawer Pulls

Miles Casegoods feature discrete Door and Drawer Pulls constructed with powder coated aluminum, color matched to the legs.

Door & Drawer Features

Miles Casegoods Doors feature soft close hinges and rubber bumpers for sound reduction.

Miles Casegoods Drawers feature fully extendable slides for easy access and include rubber bumpers for sound reduction.

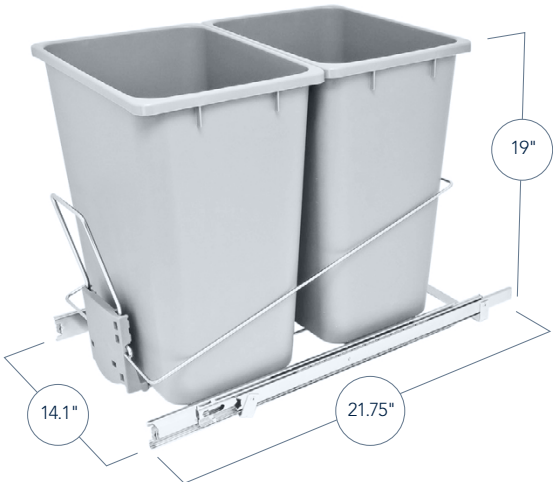

Locks and Keys

Miles Casegoods offer locks for both drawers and doors as an option. For units with doors, a single lock is installed below the left door pull for each pair of doors. For units with drawers, a ganging lock is located in the inner corner of the top drawer and secures all drawers below it.

All keys are keyed alike.

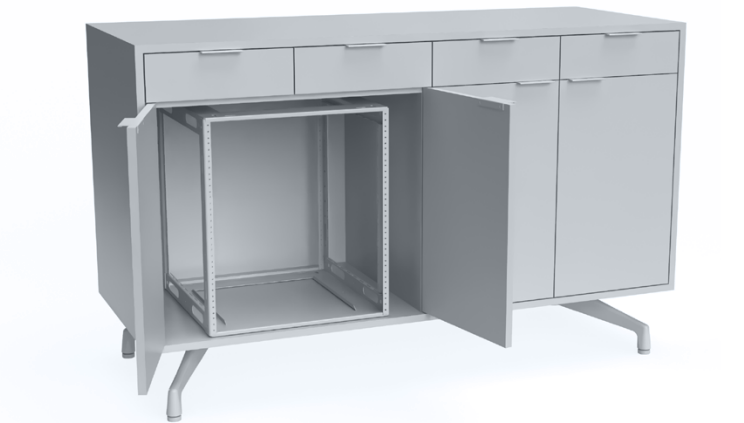

Buffet Option - Pull Out Waste Bin

Miles Casegood Buffets offer a pullout waste bin system. This sturdy, wire system holds waste bins in place and allows for easy removal and replacement. It is bottom mounted with soft close ball bearing slides. The Pull Out Waste Bin measures 14.1"W × 21.75"D × 19"H.

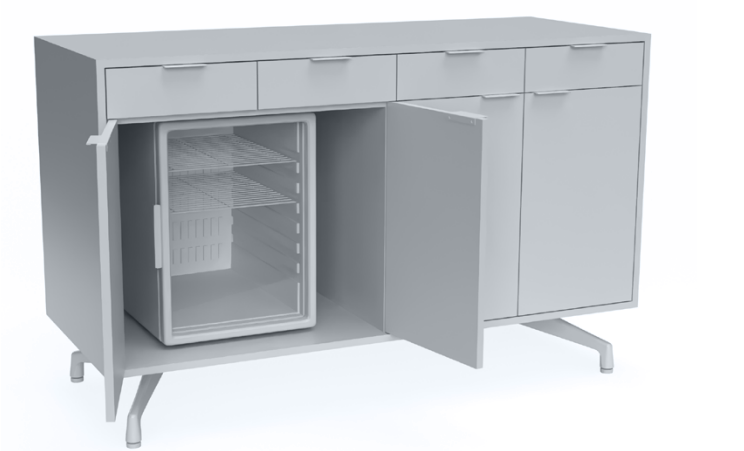

*\*Pull Out Waste Bin is unavailable with B70 60"W*

Buffet Option - AV Rack

Miles Casegood Buffets\* offer an AV rack option to securely house media equipment. When selected, fan and venting cutouts are added to the back panel on the left side of the buffet. The rack measures 19.25"W x 20"D x 21.95"H. AV Rack is field installed.  
 \*AV Rack is unavailable with B70 60"W and all 72"W buffets

Buffet Option - Refrigeration

Miles Casegood Buffets\* offer an option to accommodate small refrigeration units. When selected, fan and venting cutouts are added to the back panel on the left side of the buffet. Refrigerator is not included.  
 \*Refrigeration is unavailable with B70 60"W and all 72"W buffets

Wire Management

Miles Casegood Buffets include cutouts in the lower corners of each vertical panel to allow wires to pass through the casegood. A cutout in the bottom of the casegood routes wires outside the casegood.

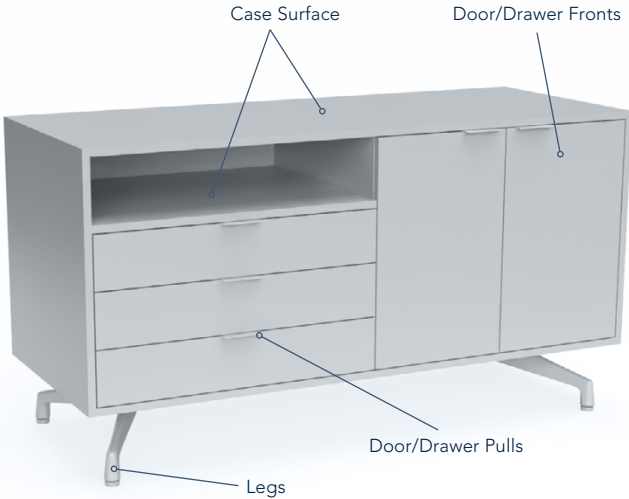

Featured Finish - Recycled HDPE Doors

The C20 and C20S Miles Casegoods features a unique recycled HDPE finish option for the doors. This material is constructed of shredded recycled plastic and pressed into a .75" thick panel, with structural characteristics similar to traditional particleboard.

See How to Order page for door placement and color options

Finish Selection

There are three Miles Casegoods elements that require finish selections; case surface, door/drawer fronts and legs.

Case surface color carries through to the interior and shelves. Drawer interiors will be white melamine.
